

TECHNICAL INFORMATION

DECO HEALTHY WALLS Interior Foundation Walls

DECO PRODUCTS, INC.

Product specification

DECO HEALTHY WALLS is designed to be used on the interior side of concrete foundation walls and floors. DECO HEALTHY WALLS will reduce or eliminate moisture intrusion from the exterior due to rain or sprinklers. DECO HEALTHY WALLS can also prevent concrete absorption from moisture due to high humidity, condensation or spills. DECO HEALTHY WALLS prevents the passage of moisture to the inside while still allowing the wall to breath. This helps to create a healthier living condition and can lead to lower energy costs.

Environmentally Friendly

Totally Water- Based

Non- Hazardous

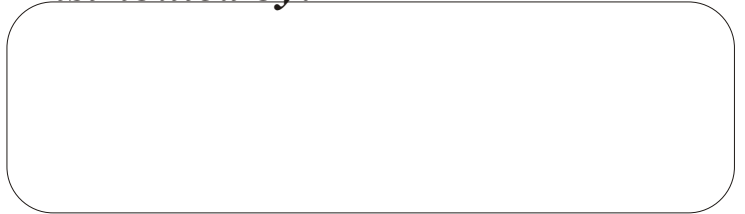

B E N E F I T S

- **DRIES CLEAR, non- yellowing, no odor**
- **Eliminates or reduces efflorescence**
- **Can be applied to dry or damp walls**
- **Only one application required**
- **Excellent intercoat adhesion**
- **Reduces musty smells in damp basements**
- **Can be painted or coated over**
- **Easy to apply, no expensive equipment needed**
- **Non- toxic Non- hazardous Non- flammable**

Use: For approved applicators

Existing construction: Apply DECO HEALTHY WALLS without dilution using a hand pump sprayer or airless pump canister. Apply until saturated avoiding drips and runs. DECO HEALTHY WALLS will prevent moisture from entering through the wall but cannot stop moisture leaks in cracks. Because DECO HEALTHY WALLS is a water- based product you cannot reapply a second coat. Use caution when applying in tight or closed areas to avoid over spray or inhalation of mist. DECO HEALTHY WALLS is a non hazardous material but you should always use caution and cleanliness
